

27th March 2017

Dear Parent/Carer

Science parents' evening

As I am sure you are aware, Science GCSEs are becoming ever more complex and our students are finding it more difficult in terms of how best to revise the extensive content and prepare themselves fully for the science exams. Because of this, we are going to hold a parents' evening specifically for science on **Tuesday the 25th of April, 2:45pm until 4:30pm.**

Your son/daughter will be asked to book a slot with one of their teachers who will discuss the current outlook across all 3 sciences. They will also provide you with study techniques and advice on how best to tackle the science content in order to maximise revision time, as well as how best to prepare for the various science exams.

We feel this is a very important step in helping support our Year 11 learners to do the best they possibly can in science. At the evening we will also be discussing current progress and effort.

If you have any queries or concerns, please do not hesitate to get in touch. If you are unable to attend the evening, please feel free to contact me i.davidson@belmontschool.org.uk

Thank you in advance of your support.

Yours faithfully

Mr I. Davidson

Curriculum Team Leader for Science

Head Teacher: Mr Paul Marsden
